

Water Rates & District Needs

The Georgetown Divide Public Utility District is responsible for balancing the immediate and long-term needs of Georgetown's water system to provide you with reliable and high quality water.

Join us for a **community workshop** to learn about the ongoing water rate study and proposed changes to water rates. You're invited to provide input on the District's financial strategy to improve our water infrastructure.

Community Workshop #2

Thursday, October 12

5:30 – 7:30 p.m.
