4. C. Investment Policy

The discussion involved an examination of the safekeeping provisions and third-party custodian designations as written currently these fall under the Board Treasurer's purview. There was a proposal that the policy language be amended to reflect safekeeping as responsibility held by the entire Board of Directors. It was determined that this item should undergo legal review and return to the Board once the Treasurer's fiduciary duties have been investigated and corresponding government codes and laws reviewed with the potential to update the policy at a later meeting.

Director Stovall motioned to approve the current amendments/adjustments and bring back the policy for further review of the Treasurer and Board responsibilities at a later meeting. Director Saunders seconded the motion with direction to staff to bring the policy back before the Board of Directors for review at a future meeting.

4. E. Consider Irrigation Applications

Board Discussion involved the examination of language in the staff report which stated that irrigation water deliveries will begin on May 1st. The Board of Directors had yet to determine a season start date. Director Saunders provided staff direction for language utilization of a time frame range in the staff report item in future years to provide for the Board of Directors' determination of season dates.

Statement of Director Thornbrough

Statement by
Mike Thornbrough
April 4 2024

The following is my opinion which is the basis for the position I am going to take with this Agenda Item and this MOU. I apologize for having to read this prepared statement to all of you but I'm old and this will help keep my train of thought more focused and the time it takes a lot shorter.

First of all, this MOU is only one of two MOUs that we are currently negotiating. The costs stated for this MOU is for Local 39 only and does not include the costs for Local 1, which is currently intended to be presented to all of you later.

Secondly, as most of us know, several decades ago the Voters in our State passed Proposition 218. Prop 218 is currently State Law and it comes with requirements that must be followed by any Agency, such as our Water District, before a Rate Increase can be implemented. One of the requirements is that our District must disclose to the Public what the revenue from the Rate Increase will be used for, and the District cannot use that revenue for something other than what was disclosed to the Public. And the main benefit of Prop 218 is that the Rate Payers, or more accurately, our Customers, can protest, and actually refuse, a Rate Increase if they don't agree with what the Rate Increase revenue is going to be used for, hence the disclosure requirement.

The main focus of the last Prop 218 Rate Increase, implemented in 2018, that was very strongly emphasized, was the lack of funds to maintain, repair, or replace the District's aging infrastructure, including vehicles and supporting equipment. Also, the Board stated that because our Rates had not been raised for a long time, Costs of Service had risen to the point of jeopardizing continued operation of the District.

However, during the process of that 218, and the many obvious irregularities that were observed, many concerns were expressed by many Customers, and in fact so many Customers protested the Rate Increase that it came very very close to being defeated. Almost half of all the Customers of our Water District protested that increase! But it survived and was implemented

Now, though I have a couple of issues with this particular MOU, the main issue I have is that it is not proposed to be funded in a manner that I consider to be legal under Prop 218. In fact, at the very least, it doesn't even follow Prop 218's purpose and intent of providing a binding choice for the Customers of whether or not their Water Rates should be used for this increased compensation package and here's why.

The amount of any Rate Increase is determined by calculating the actual Cost of Service, which includes employee compensation increases per the current MOUs and projected increases should an existing MOU expire during the 5-year term of a Prop 218 Rate Increase. This MOU is way above and beyond any previous projections and is at a level that should be part of a disclosure

made for use of revenue for any Prop 218 Rate Increase. And since it was not figured in, or disclosed to the Customers, under the last Rate Increase, revenue from that Rate Increase cannot be used to fund either of these new MOUs.

The goals, stated to the Public by the Board at the time, for the 2018 Rate Increase were to cover Cost of Service and to put one million dollars per year into Capital Improvement Projects, or CIP. At the end of the first year of the Rate Increase, the annual audit showed that we way exceeded having the ability to accomplish those goals. So much so that the Board at the time surprisingly chose to freeze the next years scheduled Rate Increase since it was not needed to continue achieving the stated goals of the Rate Increase. The next years audit showed the same results, so the next scheduled annual Rate Increase was also frozen. I believe it was the next year that there was a delay in receiving the annual audit. So, the Board decided to issue a temporary 6 month freeze on the annual increase pending the receipt of the audit. When the audit continued to be delayed the temporary freeze lapsed and the Rates were increased by 5% for Treated Water Customers. And once the audit was finally received, annual rate increases were once again frozen. So, during the duration of the 5-year Prop 218 increase schedule, rates only went up a total of 5% above the initial increase instead of the 20% planned.

My point being, the costs incurred for both of these MOUs, which is very significant, was not calculated, or projected, or disclosed as part of the Cost of Service used as justification for the last Rate Increase and therefore none of the revenue proceeds from that Rate Increase can be used to fund either of the two new MOUs no matter how much revenue we've received. And to do so would not only require diverting and utilizing funds that were previously designated to be put towards CIP, but more importantly it will intentionally circumvent our Customer's right, under the law, to agree or disagree with this use of their funding.

As pretty much everyone knows, costs for everything has climbed an insane amount during the past few years. So naturally our Cost of Service has also, and continues to, climb. So we are currently working on another Prop 218 Rate Increase, which is a continuing process that occurs every 5 years in pretty much all water districts, and is unfortunately now a "way of life". It is my position that due to the significant cost of both these MOUs, they should be part of the upcoming Prop 218, and fully disclosed as such, therefore properly, and legally, allowing all Customers to exercise their right, under State Law, to weigh in on this use of their funding.

Now, since I was elected to this "Seat", a few of my so-called friends have insulted me by calling me a Politian. I am not, nor will I ever be, a Politician in that unlike typical politicians I mean everything I say during my election campaign. And I will always adhere to the statements and promises I made during my campaign! During my campaign I promised that I would ensure our Board operates with total honesty, integrity, accountability, and especially transparency. Contrary to what I have witnessed from our past Boards, our current Board is actually doing all of that. In fact, I'm actually proud to be part of this Board and very pleased with the performance and attitude of every member of our current Board. Though occasionally we may "butt heads" with varying opinions, that's the way it should be and actually needs to be. And this just might be another one of those times.

Every single one of us, affiliated with our Water District, including every single employee, every manager, and every Board Member, has a job to do. And right now, by taking the position I am, I am not only doing the job I was elected by our community to do, but also I'm doing the job my required training, which came directly from our State's FPPC, says each of our Board Members must do!

The bottom line is that this MOU, as well as the other MOU, must be included, and disclosed, as part of the upcoming Prop 218 Rate Increase, and pass, before we can consider approving either of the new MOUs. These MOUs represent a significant benefit to all of our employees and as such I would think there shouldn't be any objection to doing it properly and "by the book" and simply waiting for a few months for these MOUs to be approved. And I haven't heard one single legitimate reason why this MOU has to be approved today.

And further more, I think that both MOUs should be approved at the same time so the Board, our Customers, and the Public will know the total cost for these compensation increases for all employees in the District.

All of this being said, my position with this Agenda Item is that I will not support approving this MOU at this time. I am however open to agreeing to both MOUs being contingent on the passage and implementation of this next Prop 218 Rate Increase. And in the event that successful implementation of this next Rate Increase occurs beyond July 1, 2024 I would further be open to making all provisions in the MOUs retroactive to July 1, 2024

And finally, I sincerely hope that every other Board Member here will also do their job, for which they were elected to do, and required to do, and to two particular members here I hope you also fulfil your similar campaign promises that I have personally witnessed you making.

Thank you for your time.

Board Meeting of MAY 2, 2024

Agenda Item No. 4. B.

AGENDA SECTION: CONSENT CALENDAR

SUBJECT: Calling a General District Election to be Held on November 5, 2024, for the Election of Two Directors and Requesting Consolidation of the Election with the Statewide General Election to be Conducted on the Same Day

PREPARED BY: Elizabeth Olson, Executive Assistant

Approved By: Nicholas Schneider, General Manager

BACKGROUND

The District utilizes the services of the El Dorado County Registrar of Voters to conduct District elections. The elected term of two (2) Directors will expire at the end of this year, necessitating an election in November. In order for the District to utilize the County's services, the County has asked the District to adopt a resolution calling a general district election on November 5, 2024, and requesting consolidation with the statewide general election.

DISCUSSION

Resolution 2024-XX is included as **Attachment 1** to this report. The date of the General Election is November 5, 2024.

The County also requires a Notice of Consolidated Districts Election (**Attachment 2**) posted in three or more locations. The District plans to post the Notice of Consolidated Districts Election at the District Office and at the post offices in Cool, Garden Valley, Greenwood, Georgetown, and Pilot Hill.

The District has executed the Notice of Elective Offices to be Filled and Transmittal of Map and Boundaries (**Attachment 3**).

FISCAL IMPACT

This is a necessary expense to run the District. The County will bill the District for its share of the November 5, 2024, General Election following the election. The District's share of the 2022 General Election cost was \$7,418.38. Because the County Elections Department does not yet know what will be on the 2024 ballot, Staff recommends budgeting \$8,000-\$10,000 for the District's share.

CEQA ASSESSMENT

This is not a CEQA project.

RECOMMENDED ACTION

Staff recommends the Board of Directors of the Georgetown Divide Public Utility District

1. Adopt Resolution 2024-XX
2. Ratify the execution of the Notice of Elective Offices to be Filled and Transmittal of Map and Boundaries, and
3. Direct staff to post the Notice of Consolidated Districts Election as required by the County of El Dorado.

ALTERNATIVES

The Board may (a) Request substantive changes to the Resolution for staff to implement; or (b) Reject the Resolution.

ATTACHMENTS

RESOLUTION NO. 2024-XX
OF THE BOARD OF DIRECTORS OF THE
GEORGETOWN DIVIDE PUBLIC UTILITY DISTRICT
CALLING FOR A GENERAL DISTRICT ELECTION TO BE HELD TO BE HELD ON
NOVEMBER 5, 2024 FOR THE ELECTION OF TWO DIRECTORS, AND
REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY OF EL DORADO
CONSOLIDATE THE GENERAL ELECTION WITH THE STATEWIDE GENERAL
ELECTION TO BE CONDUCTED ON THAT SAME DAY

WHEREAS, a General District Election is to be held on November 5, 2024, for the purpose of electing persons to two (2) seats on the Georgetown Divide Public Utility District Board of Directors; and

WHEREAS, it is desirable that the General District Election be consolidated with the Statewide General Election to be held on the same date and that within the District the precincts, polling places and election officers of the two elections be the same, and that the Election Department of the County of El Dorado canvass the returns of the General District Election and that the election be held in all respects as if there were only one election.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE GEORGETOWN DIVIDE PUBLIC UTILITY DISTRICT AS FOLLOWS:

SECTION 1. Calling of the General District Election. Pursuant to the requirements of the laws of the State of California relating to district elections, there shall be, and there is hereby called and ordered held in the Georgetown Divide Public Utility District within the County of El Dorado, State of California, on November 5, 2024, a general district election of the qualified electors of the Georgetown Divide Public Utility District, for the purpose of electing two (2) members of the Board of Directors for a full term of four (4) years each. The general district election shall be held and conducted as provided for by law.

SECTION 2. Consolidation of the Election. The Board of Directors hereby requests the El Dorado County Board of Supervisors to consolidate the general district election with the Statewide General Election to be conducted on Tuesday, November 5, 2024, as provided in Elections Code section 10500 et seq., including section 10418. The election hereby consolidated shall be held in all respects as if there were only one election, and only one form of ballot shall be used.

SECTION 3. Election Related Services. Pursuant to Elections Code section 10002, the District requests and authorizes the El Dorado County elections official to provide the services necessary to implement the election and to consolidate the election on the November 5, 2024 Election Ballot for the County of El Dorado. Such services include the publication of notices calling the election, provision of voter lists, obtaining and staffing polling places, hiring and training of precinct workers, provision and delivery of precinct supplies, provision of microfiche of voters and poll locations, if desired, counting of ballots and certification of the election, and all other aspects of elections not specified herein that may be agreed upon between the County Clerk and the Board Secretary.

SECTION 4. Instructions. The Board of Supervisors is requested to issue instructions to the County Election Department to take any and all steps necessary for the holding of the consolidated election.

SECTION 5. Candidate's Statement. Pursuant to Elections Code section 13307, each candidate for elective office to be voted for at the General District Election may prepare a candidate's statement on an appropriate form provided by the Elections official. Such statement may include the name, age and occupation of the candidate and a brief description of no more than 200 words of the candidate's education and qualifications expressed by the candidate himself or herself. Such statement shall not include party affiliation of the candidate, nor membership or activity in partisan political organizations. Such statement shall be filed in typewritten form in the office of the Elections official at the time the candidate's nomination papers are filed. Such statement may be withdrawn, but not changed, during the period for filing nomination papers and until 5:00 p.m. of the next working day after the close of the nomination period. No candidate will be permitted to include additional materials in the voter information guide. Pursuant to the Voting Rights Act of 1965, candidate statements will be translated into all languages required by the County of El Dorado. The candidate shall be required to pay for the cost of translating the candidate statement into any foreign language pursuant to Federal and/or State law. The candidate shall be required to pay for the cost of translating the candidate statement into any foreign language that is not required by Federal or State law, but is requested as an option by the candidate.

SECTION 6. Payment. The Elections official shall estimate the total cost of printing, handling, translating, and mailing the candidates' statements filed pursuant to the Elections Code and pursuant to the Voting Rights Act of 1965, as amended, and require each candidate filing a statement to pay in advance to the District his or her pro rata share as a condition of having his or her statement included in the voter's pamphlets. An approximation of actual cost varies from one election to another and may be significantly more or less than the estimate, depending on the actual number of candidates filing statements. Accordingly, the Elections official is not bound by the estimate and may, on a pro rata basis, bill candidates for additional actual expense or refund any excess paid depending on the final actual cost. In the event of underpayment, the Elections official shall require the candidate to pay the balance of the cost incurred. In the event of overpayment, the Elections official shall prorate the excess amount among the candidates and refund the excess amount paid within 30 days of the election or upon receipt of County billing.

SECTION 7. District's Reimbursement of Costs. The Georgetown Divide Public Utility District shall reimburse the County of El Dorado for all costs and expenses incurred by the County in conducting said election upon presentation of a bill to the District.

SECTION 8. Forwarding of Resolution to the County. The Board Secretary is authorized and directed to file a copy of this Resolution with the Board of Supervisors and the County Clerk upon its adoption by the Board of Directors.

SECTION 9. Implementation Actions. The Board Secretary is authorized and directed to take such further actions and execute such documents as are necessary to cause the election to be conducted on behalf of the Georgetown Divide Public Utility District.

PASSED AND ADOPTED by the Board of Directors of the Georgetown Divide Public Utility District at a meeting of said Board held on the 2ND day of May 2024, by the following vote:

REPORT TO THE BOARD OF DIRECTORS

Board Meeting of May 2, 2024

Agenda Item No. 4. C.

AGENDA SECTION: ACTION ITEMS

SUBJECT: Dissolution of the Ad Hoc Policy Committee Effective July 1, 2024

PREPARED BY: Elizabeth Olson, Executive Assistant

Approved By: Nicholas Schneider, General Manager

BACKGROUND

The Ad Hoc Policy Committee (Committee) was established in January 2019 at the request of Director Saunders to standardize policies and procedures. The Committee began working on policies in March of 2023.

- Standardize the writing and formatting style of policies.
- Categorize the policies (review sample manuals).
- Establish a standard numbering system that reflects policy category.
- Assign management of the policy manual to a Staff member.
- Complete Steps to meet Requirements for District Transparency Certificate of Excellence and District of Distinction Program.

DISCUSSION

The Committee identified 67 policies in need of adoption or amendment and passed 43. Of those policies passed, 14 were newly developed. The Committee's work has accomplished meeting qualification metrics for the Special District Leadership Foundation's District of Distinction Program and the District Transparency Certificate of Excellence awards elevating GDPUD's best practices and building a foundation for future evolution.

A codified District Policy Manual has been established. Through the dedicated work of Directors Saunders and Seaman, an inventory of policies has been completed and is complimented by an adopted policy manual. These efforts have added to available District resources to guide Directors and staff as they serve their community. The District recognizes and extends gratitude to both Directors Saunders and Seaman for their contributions.

Since the Committee has accomplished its tasks, staff recommends dissolving the Committee effective July 1, 2024.

FISCAL IMPACT

There is no fiscal impact associated with the dissolution of the Committee.

CEQA ASSESSMENT

This is not a CEQA-associated project.

RECOMMENDED ACTION

Staff recommends the Board of Directors of the Georgetown Divide Public Utility District dissolve the Ad Hoc Policy Committee effective July 1, 2024.

ALTERNATIVES

The Board can choose to not dissolve the ad hoc committee.

REFERENCES:

Section 2160.01 Purpose

The Georgetown Divide Public Utility District is committed to ensuring accurate financial reporting, through maintaining precise records and implementing protective measures. This policy serves to safeguard the District and ensure that functions are established that minimize risk, protect assets, promote operational efficiency, and ensure adherence to governing laws, regulations, and best practices.

Section 2160.02 Procedures for Separation of Duties

There will be established procedures for the adequate separation of duties, including at least the following:

- A. A receipt log of all cash/checks received will be prepared daily by an employee not in the Finance department.
- B. The accounting Office Finance Manager prepares and oversees the daily deposits and ensures they balance utilizing the District's accounting software.
- C. The Finance Director confirms that the daily deposits agree with the original of the receipt log which he/she maintains.
- D. The bank reconciliation will be prepared promptly after month's end by an employee with no authority to prepare or sign checks or authorize other debits against the account.
- E. All invoices presented for payment must be approved by an authorized person, every check must be signed by two authorized signers.
- F. All paid invoices shall be so marked and filed for reference.
- G. The same employee cannot be responsible for authorizing transactions, collecting, or paying bills, and maintaining accounting records.

Section 2160.03

There will be an annual financial audit and any finding(s) shall be reported directly to the President of the Board of Directors with simultaneous notice to the General Manager.

Section 2160.04

There will be biennial audits of the Property/Liability and Workers' Compensation Program claims paid by the District and those report(s) will be promptly presented to the Board of Directors.

Section 2160.05

In regard to District's cash reserve account in the Local Agency Investment Fund (LAIF), the District will maintain a balance for all programs, not to exceed the amount as currently authorized by LAIF guidelines, and that transfers out of LAIF may only be made to District's Property/Liability General Account, Workers' Compensation General Account or Health Benefits Account and must have the approval of one of the following individuals: 1) President, 2) Vice President, 3) Secretary of the Board, 4) General Manager, 5) Finance Director. The requests for such transfers out of LAIF shall be signed by one of the six individuals above and be supported by detailed information which shall be maintained by the District's Finance Director.

Section 2160.06

That other excess funds shall be deposited in or transferred to such long-term investment accounts as the Board may, from time to time designate by resolution.

Section 2160.07

That funds in the investment account(s) shall only be withdrawn upon approval of the Board's President, Vice-President, or Secretary. Such withdrawals must then be remitted only to one of the accounts referenced above in Section 2160.05 of this policy. The requests for such transfers shall be signed by the General Manager and be supported by detailed information which shall be provided to the Director approving the transfer. Such information shall be maintained by the District's Finance Director.

Section 2160.08

To maximize interest earnings and manage District's cash flow needs, the Office Finance Manager will strive to maintain a reasonable balance in the checking accounts to off-set monthly bank charges, but at the same time recognize that surplus funds should be transferred as appropriate to LAIF or the long-term investment accounts. However, the Workers' Compensation Program - Claims Account will maintain a higher balance to ensure funds are available for the timely payment of claims and projected growth of the program.

Section 2160.09

Templates for Fed-wire or Automated-Clearing House (ACH) Transfers out of the District's bank accounts may only be established by the Office Finance Manager. Subsequent use of these Fed-wire or ACH templates shall require two staff – an initiator and an approving staff person.

Section 2160.10

The signing of any checks written on the accounts of the District will be in accordance with the District's procurement policy. All "fed wires" or ACH transfers that exceed \$50,000 (other than to/from LAIF or from the Health Benefits Account) shall be considered similar to a "large check" and be disclosed on the quarterly report to the Directors.

Section 2160.11

Any payment of funds for claims and/or allocated loss adjustment expenses will be made in accordance with the District’s General Counsel’s recommendation.

Section 2160.12

The Board of Directors confirms that the Board will review these internal control policies upon completion of each year’s audit with input from its external auditor.

This Policy No. 2160 supersedes any policy inconsistent with the provisions included above.

Certification

I hereby certify that the foregoing is a full, true, and correct copy of Policy 2160 adopted by the Board of Directors of the Georgetown Divide Public Utility District on _____, 2024.

SUBJECT: **INVESTMENT REPORT FOR THE QUARTER ENDED
March 31, 2024**

Attached for your information is the quarterly report of investments as of March 31, 2024.

The total cash and investment portfolio book value (cost) held by the District as of March 31, 2024 was \$10,287,911 and total cash and investments held by the trustees was \$48,344.

The cash and investments held by the District include the following components: Managed Investment Portfolio (\$7,726,572), State of CA Local Agency Investment Fund (\$28,947), Class Investment Fund Balance (\$2,052,236), Cash/Time Deposits (\$407,209), and accrued interest on investments (\$72,947). *(Earned interest is the interest earned on investments over a specific time period, accrued interest is the interest that an investment has earned, but hasn't yet been received, and paid interest is the interest that has already been received as payment).*

Cash and investments held by the District and the trustees continue to be invested in accordance with the Government Code and the Board Investment Policy.

During the quarter, one Treasury Bill matured in the amount of \$400,000. One Federal Agency Bond was purchased in the amount of \$397,759.

Two-year Treasuries yielding 4.23% at the beginning of the quarter ended higher at the end of the quarter at 4.59%, which was an increase of 36 basis points for the quarter.

As of March 31, 2024, the Weighted Yield to Maturity on the Managed Investment Portfolio was 4.68%.

At the end of this quarter, the Weighted Average Maturity of the Managed Investment Portfolio was 2.34 years.

The Federal Open Market Committee (FOMC) meets approximately every six weeks and determines the level of the Federal Funds Rate. **At the March 19th meeting, the FOMC voted to maintain the Federal Funds Rate target range at its current level of 5.25-5.50%.**

Summary from the March 19th meeting:

“Recent indicators suggest that economic activity has been expanding at a solid pace. Job gains have remained strong, and the unemployment rate has remained low. Inflation has eased over the past year but remains elevated.

The Committee seeks to achieve maximum employment and inflation at the rate of 2 percent over the longer run. The Committee judges that the risks to achieving its employment and inflation goals are moving into better balance. The economic outlook is uncertain, and the Committee remains highly attentive to inflation risks.

In support of its goals, the Committee decided to maintain the target range for the federal funds rate at 5¼ to 5½ percent. In considering any adjustments to the target range for the federal funds rate, the Committee will carefully assess incoming data, the evolving outlook, and the balance of risks. The Committee does not expect it will be appropriate to reduce the target range until it has gained greater confidence that inflation is moving sustainably toward 2 percent. In addition, the Committee will continue reducing its holdings of Treasury securities and agency debt and agency mortgage-backed securities, as described in its previously announced plans. The Committee is strongly committed to returning inflation to its 2 percent objective.

In assessing the appropriate stance of monetary policy, the Committee will continue to monitor the implications of incoming information for the economic outlook. The Committee would be prepared to adjust the stance of monetary policy as appropriate if risks emerge that could impede the attainment of the Committee’s goals. The Committee’s assessments will take into account a wide

range of information, including readings on labor market conditions, inflation pressures and inflation expectations, and financial and international developments.”

Finance staff hired Optimized Investment Partners in February 2023 to help improve the investment returns for the district and to ensure compliance with California Government Code by ensuring safety of principal and sufficient liquidity for operations. Ongoing portfolio management activity will continue to be performed in partnership with Optimized Investment Partners, the Finance Manager and the General Manager.

Considering the projected timing of cash receipts and disbursements and the structure of the Pooled Investment Portfolio, the District will be able to comfortably meet overall cash flow needs over the next six months.

ACWA UPDATE ON PRIORITY ISSUES

A high-level look at recent ACWA activity and initiatives.

APRIL 2024

Proposition 218 Legislation

ACWA-sponsored AB 2257, authored by Assemblymember Lori Wilson (D-Suisun City), would aid member agencies in defending against Proposition 218 lawsuits by requiring litigants to have participated and raised specific objections during the public administrative process. Last month, the bill was amended and passed by the Assembly Judiciary Committee and will next be heard by the Assembly Local Government Committee. The hearing date has not yet been set. AB 2257 would build on the success of ACWA-sponsored SB 323 (Caballero, 2021), which created a 120-day statute of limitations for filing lawsuits against water and sewer rates through the Proposition 218 process. ACWA is leading a coalition to support AB 2257. Members are encouraged to join the coalition by completing an [online form](#).

Climate Resilience Bond

There are at least three bonds being considered for the November 2024 ballot - housing, education, and climate resilience. Gov. Gavin Newsom recently indicated that the total cap on bonds in November should be \$20 billion. The total cap - which is subject to change - is intended to limit the amount of debt that the state would take on as a result of the enactment of the bonds. ACWA met in early April with the Administration to discuss the importance of water infrastructure in the context of climate resilience. ACWA believes that the climate resilience bond needs to have significant funding for water infrastructure, and it needs to pass. The size of the bonds may be affected by updated state revenues which the Administration will share in May as part of the state budget process.

Water Affordability For Systems with Fewer than 3,000 Connections

SB 1255, authored by Senator María Elena Durazo (D-Los Angeles), would require the State Water Resources Control Board to update the needs analysis of the state's public water systems to include an assessment of the funds necessary: 1) to provide a 20 percent discount for low-income households served by community water systems (CWSs) with fewer than 3,000 service connections; and 2) for CWSs with fewer than 3,000 service connections to meet the affordability threshold the State Water Board is required to establish pursuant to SB 200 (Monning, 2019). This bill could affect state funding for a low-income rate assistance program for these small systems and state funding for these smaller systems where affordability is a system-wide issue. ACWA's State Legislative Committee will take a position on the bill on April 11, and the Senate Environmental Quality Committee will hear the bill on April 17.

Water Use Efficiency

Last month, the State Water Board released a [revised draft regulation](#) for Making Conservation a California Way of Life. The revised proposed text includes significant changes that would address ACWA and water suppliers' concerns. ACWA staff attended the State Water Board's March 20 workshop and provided comments that support the many changes that were made to the proposed regulation, especially in addressing concerns around the cost and feasibility in the previous version. ACWA and its coalition also submitted written comments March 27. The full comment letter is available at acwa.com/resources. The State Water Board is expected to adopt the final version of the regulation this summer.

Hexavalent Chromium MCL

The State Water Board is expected to adopt the hexavalent chromium (Chromium-6) maximum contaminant level (MCL) regulation this month. The Chromium-6 MCL would require all water suppliers, including small public water systems (PWS), to comply with a maximum contaminant level (MCL) of 10 parts per billion (ppb) for chromium-6 in drinking water. Once approved by the Office of Administrative Law, it is expected to take effect by October 2024. ACWA and its coalition partners have engaged with the State Water Board and its staff on this process for several years. This advocacy focused on ensuring the economic and technical feasibility of water suppliers' compliance with the MCL, on ensuring funding availability to assist with compliance needs and on considering alternative treatment methods.

Bay-Delta Plan

The State Water Board will hold a three-day workshop April 24-26 on the Agreement to Support Healthy Rivers and Landscapes (formerly known as the Voluntary Agreements). The workshop will include detailed sessions on specific key components of the Agreements, input and questions from State Water Board Members and opportunities for public input at the end of the second and third workshop days. A detailed agenda and more information is available at waterboards.ca.gov. ACWA staff will attend the workshop and provide comments that support the Agreements and highlight the multiple benefits. ACWA distributed an Alert April 8 with more information available at acwa.com/notifications.

PFAS MCL

The U.S. Environmental Protection Agency has announced a new national maximum contaminant level (MCL) of 4.0 parts per trillion (ppt) for PFOA and PFOS as individual contaminants and a standard of 10 ppt for three other chemicals – PFNA, PFHxS, and HFPO-DA (commonly referred to as GenXChemicals). In addition, EPA will utilize a hazard index to regulate mixtures of PFHxS, PFNA, HFPO-DC and PFBS. This enforceable rule requires public water systems to monitor for these PFAS, notify the public of the levels of these PFAS and reduce the levels of these PFAS in drinking water if they exceed the MCL. Utilities will have five years to come into compliance with the rule. ACWA previously supported EPA's efforts to address PFAS contamination and protect public health but unfortunately, the MCL is not feasible because the anticipated costs of complying are not adequately captured under EPA's cost assessment. More information is available in an Advisory that was distributed April 10. The full Advisory is available at acwa.com/notifications.
